

# OIG/Agency Strategic Engagement

Control  
Environment

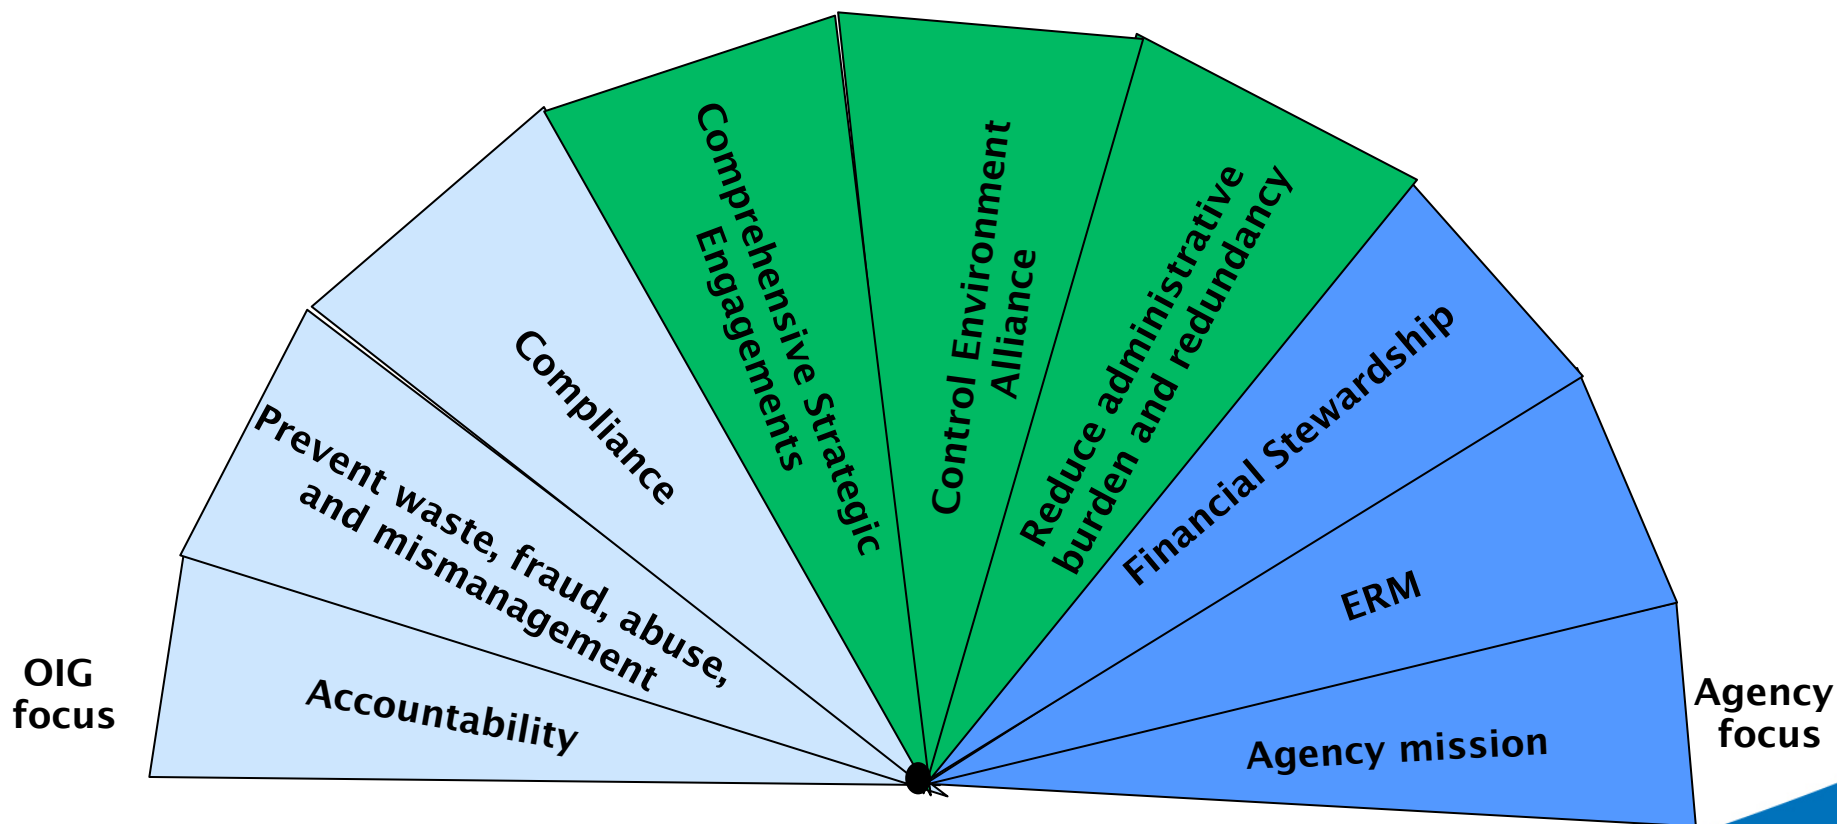

## Purpose:

- Communicate the need for a paradigm shift in communication and trust between the Office of the Inspector General (OIG) and agency senior leadership
- Highlight areas where we can build synergy

## Outcome:

- OIG works with agency leadership (*while maintaining OIG Act independence*) to develop strategic engagements where trusting relationships are built and the lowest exposure to risk is achieved – because *efficiency and effectiveness of agency operations is everyone's goal*

# Areas Where OIG and Agencies Can Build Synergy

Oversight.gov

Partner with agency to substantially enhance the control environment

# Strategic Alignment – Move Beyond Compliance
